Subject: RE: General Conformity Exempt List

Charis,

We are preparing comments on the general conformity exempt list provided with your email below. By this Friday (June 7) we plan to send comments on most of the listed items with the exception of the oil and gas stationary sources.

We noticed for the FAA presumed to conform action, that that action is to be used nationally. For the NPL presumed to conform list, is that list to be used just in the Pinedale/Sublette County nonattainment area? or are there plans to use in other locations?

Thanks

Ken
